Letter from Eugene City.

EUGENE CITY, February 21, 1865.

EDITOR OREGONIAN:

Our folks were much surprised yesterday to learn that Capt. Rigdon and his Lieutenants had "to pass muster before the Military Board at Salem." Capt. R. is a good man in the right place, but it seems that the Board failed to see that the "right place" was in the military service. In what the Captain was deficient we have not learned, but all seem to sympathize with him in his misfortune.

Recruiting for the Cavalry goes on rather slowly. Lieut. Larison is recruiting in this county, and Capt. S. D. Applegate in southern portion of the district; both are "live men," will make good officers, and will, without doubt, succeed in raising their company.

Some of our citizens have become suddenly rich, their fortune consisting chiefly in stock in the Oregon Central Military Road Company. The capital stock of the Company, $100,000, has been subscribed. The road has been surveyed from Eugene to the Cascades, a distance of forty miles, and Company have located within that distance 27,000 acres of land, much of which is suitable for farming purposes. Thirty sections of the land so located will be offered for sale in a few weeks. On the the success of this enterprise depends, in a great measure, the prosperity of the upper Willamette county, and if the road is opened to travel the Willamette valley and Portland can successfully compete with California for the trade of the southern mines of the Owyhee and Boise country.

Since writing you before, there has been much excitement about the "queer combination." Nothing cuts like the plain truth, when told of men who seek to subvert it. Babb came out in the *Review* in a half column article, and without attempting to refute a word written by Vindex, gets very furious, and wants to fight some. Unfortunately, he could not find the right man. Ubiquitous came out also with a very long card, but not very severe though. The writer was evidently *troubled* and wanted to free his mind—perhaps his conscience, too. As Ubiquitous is *supposed* to be the Ex-Gov., who I understand says he neither directly or indirectly authorized any person to tender his taxes in greenbacks, but that he expected to pay his taxes in coin like a "true Democrat!" I expect some attorney wanted a case and thought it would be an honor to act for the Ex-Governor. Comus also essays a defence for himself, both in his communication to the OREGONIAN and in his editorial remarks in the *Review.* He makes a big flourish about his patriotism. This reminds me of what I have somewhere read that "patriotism was the last resort of knaves and traitors," and I am led to exclaim—"O, generation of vipers, who hath warned you to flee from the wrath to come? bring forth, therefore, fruits meet for repentance, and think not to say within yourselves—we have Abraham to our father."

Comus a Union man? Great God! *Patriot* would be too tame a name for O'Meara and Pat Malone. I really hope Comus will attempt to prove his loyalty to our Government, as there is not a man in Lane county but what would be amused to see the tricks with which it would be done. I will venture, however, this much in advance—that he will not succeed as well at that as he does in editing a copperhead newspaper, or in stirring up dissensions in the Union party.

Comus, the time has come when you must be "flesh" or "fish." Talking treason to the Democrats, and patriotism to the friends of the Government will not serve your double purpose longer. More anon. VINDEX.

MONDAY MORNING, FEBRUARY 27, [illegible]

More Good News

Each day seems to bring us some new tenor of the triumph of the National arms and best of all from [illegible] resulting from superior forces in the field or [illegible] in the cabinet and [illegible] general [illegible] But [illegible] that Sherman [illegible] brilliant attempt [illegible] time and time [illegible] The march across Georgia was but a change of base executed without much opposition and seemingly more brilliant in conception and execution than remarkable for the incidents that marked it but as a consequence Savannah fell, Charleston [illegible] Wilmington has fallen before the approach of the Federal armies. All these are [illegible] victories or nearly so, and each is another proof of the speedy triumph that awaits the Union [illegible] nate perhaps within two weeks in another evacuation that shall place Richmond itself within the Federal lines.

Retreat is the order to each rebel garrison and evacuations have become the rule of the day. Charleston was despoiled by the rebel crew that abandoned the city and the poorest of its inhabitants to their fate, true to their destructive instincts they burned the cotton warehouses and a great part of the city ere they left, burying beneath the smouldering ruins many helpless beings, women and children of the poor white population that were unable to go when their wealthy neighbors made their *exeunt omnes* and many a day will it be before the Barnwells, Rhetts and [illegible] dens return to their ancient halls, and claim to be the patricians of Charleston. That city can be nothing more to them and their hopes must center upon some other spot for home.

Wilmington is of the greatest importance, and its fall bodes the desertion of Richmond. Sheridan, too, is moving in Northern Virginia, as usual, no doubt bent on mischief to the Confederacy. He will be able to assist Grant should it really be the object of the Richmond junta to start southward intending to crush Sherman, who is in no danger, with all the seaports in his possession.

From Europe we learn that Earls Russell and Derby are pitted against each other in the House of Lords, the first our friend, the last our enemy. Perhaps the most amusing thing we have to tell is that Napoleon has concluded to send no Minister to the United States until Mexico is recognized by us with Maximilian as its Emperor. If his Majesty of France considers such a recognition worth waiting for he needed not hurry himself about choosing a successor for Mr Mercier; none will be needed for many a day.

The Oregon Mephistopheles.

That Oregon is cursed with the presence of such a character, we learn by reading the Portland correspondence of the Walla Walla *Statesman* where he is not only mentioned, but particularly set forth as having a local habitation and a name. Unlike his illustrious prototype, however, the Oregon editor of Satan's right hand man and chief accomplice, never had angelic pedigree or reputation [illegible] rable though, in the cognomen, for while our subject has attained so great renown, he is only a sort of second hand editor of a fiend—a borrowed article, lacking the spice of originality, and without the breadth of comprehension pertaining to your genuine infernal, though to give the devil his due he is something nearer the infernal species than we often find. There is a touch of nature in him that inclines him to "love lucre" and enables him to accumulate it, but even as "a touch of nature makes the world akin" so does the diabolical nature touch all varieties of fiendish life and make the devils kin.

It is bad enough to be a traitor at heart after having pretended to loyalty; to be a scoffer after holding forth as a believer; to endeavor to tear down what one has pretended zeal only to build up, but the fact is that while this would puzzle the conscience and plague the life of a man of genuine or even partially bogus humanity, it is no trick at all for an arch fiend or for a respectable imitation, the word respectable being used in a Pickwickian sense entirely.

Mephistopheles the elder, was not of a commercial turn; he never loaned money at a usurious per cent.; he never was mean enough to speculate in soldiers' bounty bonds, or willing to trade at all, unless, by his wealth of promises he could induce a soul or two to join the spirit world in his own bad company. To tell the truth, he was something of an orator, a high toned speaker, ready to cry battle and lead the van, and he dared to war on Heaven. That blushing beauty, Mephistopheles the younger fails in respectability of character in comparison, for while the first by his words of burning and courageous hate the last has learned, as second nature, to write libels that are emanations of cowardly malice; the one dared Heaven and fell, the other never was high enough to fall, and the only thing he dare not do is—be decent.

Our Oregon bird has come to grief; putting faith in man, he has become a victim to misplaced confidence. It is for his sake that lawyers visit Portland, each on a secret mission. It is for him that friends come down from the State capital wearing inquiring visages, glancing around in old corners, asking questions of travelers and anxious as to who has lately bought exchange. And last not least somewhile since Mephistophiles No 2 himself came down, with perturbed look desiring some four five or six thousand more — mind, not 300,000 more. But rushing from allegory to fact we will plainly premise that the individual in question wanted bounty soldiers bounty bonds—and wanted them for as little as possible. Choosing an agent and furnishing him with the thousands referred to he started him off to Vancouver to buy. It is quite a trick to buy bonds right. It consists in getting a soldier drunk, bamboozling him as much as possible paying him as little as possible, get the bond and let the victim go to the barracks of [illegible] We sympathize with Mephy, we call him a [illegible] and wish we knew where the money was. Such things are abominable; they are indeed.

Buying bonds is traditionally a respectable business, and they naturally belong in the hands of capitalists and not in the pockets of soldiers. Soldiers are a humbug—this is an age of shoddy—and those who have made shoddy fortunes off Government, [illegible] the like should not be imposed upon in this way. To be sure there are a few fanatics who think it preferable to realize a living without resorting to any such base low lived speculations and there are men mean enough to rejoice that Mephy has lost—he himself says only $3,700, while others put it up to $8,000. At any rate he feels sore about it and it is no wonder; Sheridan and Kilpatrick never made any more excessively successful charges than he made against Uncle Sam to secure that sum originally, and all we have to say is that it is a sign of the degeneracy of the age when the "[illegible] of an honest (?) man causes so much satisfaction. The last heard of that $8,000 it rattled in the "agent's" pocket, in Portland as he went up stairs in a house slightly intoxicated one dark night in very bad female company. There is no surmising where his master was at the same hour.

Several hundred rebels who secreted themselves in different positions in the city when the main column was retreating, have given themselves up. They relate the usual story of being sick of the war—half starved, etc. They express a desire to be allowed to take the oath of allegiance to our Government and remain in the city.

Another account says: Charleston was evacuated by the enemy on the night of the 17th, leaving the fortifications dismantled, besides three hundred guns which they had spiked. The evacuation was first discovered at Fort Moultrie on the morning at 10 o'clock. A part of the troops stationed on James Island crossed over in boats and took possession of the city without opposition. Previous to the enemy evacuating they fired the upper part of the city, by which sixty thousand bales of cotton were destroyed, and a fearful explosion occurred in Wilmington depot by which several hundred citizens lost their lives. TRADE WITH VICTORIA.—The steamer *George S. Wright* has been fitted up with a hurricane deck, and otherwise improved and made convenient for the ocean traffic between Victoria and Portland. Capt. Wright arrived by the *Pacific* and has gone to San Francisco to arrange for continuing the line to California, with the colonies. This steamer was to leave Victoria in a few days after the *Pacific*, with a cargo of salt and guano for this port. Our known trade with Victoria is almost wholly of produce by the line of ocean travel, while the live stock which generally goes by the way of Puget Sound, is lost to our credit. The imports of the last month at Victoria show but $26,000 from Oregon, while from Puget Sound the sum is placed at $81,500 for the same period. There has been a great irregularity in our commerce with the colonies, which is mainly the cause of transportation by the Sound, and we still hold that until such time as a vessel can be placed upon the line and kept there regularly, it will continue so. The steamer *Jenny Jones*, which has lately been seized, and her Captain imprisoned for debt, we feel quite certain would have found a profitable business in this trade, had she continued one year ago.

AN OLD HULK THE MEANS OF TROUBLE.—Old-time Portlanders remember the circumstance in June, 1850, by which a French vessel, the ——— in charge of Capt. Travallint, was sunk at the foot of F street, in this city. An effort was made some six years ago to raise her, but it was a failure, and the old hulk has been nearly forgotten until yesterday morning, when the barkentine *W. H. Scranton* was grounded on the submerged craft, as the steamer *Cascades* was making Couch's wharf with the *Helen W. Almy* on the "port" side, and the former vessels on the "starboard." The *Scranton* had nothing but ballast in; however, it gave them some trouble to get her off. We should think the old French craft had excellent timbers in her, as they appear to remain there very firm yet, and the necessity of her being removed some day is quite apparent. We understand there is still in her a fine assortment of old French brandies, which should be an inducement to pilots and other parties connected with the rivers to have it "elevated."

A NEW WORK ON OREGON.—We are informed that Mrs. F. F. Victor, of this city, is engaged in writing a work upon Oregon, its history, geography, topography, resources, productions, etc., and from what we know of the lady's ability as an author we judge that the book will do much to give Oregon the high reputation she deserves among the States. Mrs. Victor will visit different parts of the State to procure the necessary information to make a correct and valuable report, and as she is a very excellent lady, and in former years has been known as a very popular and excellent writer, we feel assured that her presence will be welcome in any community of our State. Many of her criticisms have attracted the attention of the best writers of the day, and having been heretofore especially favored by not a few of the best American authors, we may consider that our commonwealth is fortunate in having a work, so much desired by Oregonians, fall into such competent and worthy hands.

CIRCUIT COURT.—In Circuit Court on Saturday last Mr. C. H. Hall filed bonds in the sum of $5,000 for his being well and securely kept in consequence of having been found a *kleptomaniac* by the late jury. A second indictment on similar charges was dismissed, on motion of the Prosecuting Attorney. The case of Sherry Ross *vs.* Wm. Keiser and the heirs of D. N. Lownsdale, was disposed of by a decree of Court, for defendants to quit title to plaintiff, for lot 4 on block 22, in the city of Portland. The case of Hamilton *vs.* Hessell, and Stitsel, Sheriff, concerning the right of possession of certain property seized on an old judgment, was decided for plaintiff's possession, and defendants adjudged to pay $25 damages.

SMELT.—This species of delicate fish has again made its appearance in our waters after an absence of some eight years, and is being caught in immense numbers near the mouth of the Cowlitz river. About three years ago a similar species, with a small, red, tapering stripe on the sides, appeared in innumerable schools, but they were not the real species of the genus Osmerus belonging to the Salmon family. A friend kindly furnishes us with a small cask of those caught last week, and we find them very pleasant food. Smelt fishing will soon be one of the features of the season on the Columbia, and from their nature and reputation among epicures, will no doubt be sought for.

"DR. GUNN'S NEW FAMILY PHYSICIAN."—Mr. M. E. Traver, General Agent for the State of Oregon, for the above important work, has laid a copy of the hundredth edition, containing 1200 pages, upon our table. He is stopping for a time in this city at the Western Hotel, and is desirous of obtaining a few enterprising agents to canvass the State, as the work will be sold by subscription only. Dr. Gunn is famous to all western people, if not indeed with all America, for his celebrated writings, and the success of the present work is the best certificate of its character that can be produced. The style of the book is a very superior one, both as to its typographical appearance and binding. Every family in the State should have a copy of it.

C. H. MYERS.—The proprietor of the gas fitting and plumbing establishment on First street in this city, Mr. C. H. Myers, received by the steamship the finest importation of shades that ever came to Oregon. We have one on our desk representing, in transparent porcelain, five handsome engravings which could not be more beautifully illustrated on the finest steel plate. We recommend an inspection of the stock.

WALLAMET STEAMERS.—The *Cascade* yesterday brought from Westport the spruce knee timber, &c., for one of the steamers to be built soon, on the upper Wallamet, by Capt. Aukeny & Co. We learn that two are in contemplation to be of light draft, 115 and 130 feet long, by 25 feet beam, so constructed as to reach Salem any month in the year. Gov. A. C. Gibbs & Co., of this city, have the contracts for furnishing the engines, boilers and other machine work necessary for their complete trim.

THE HARMONY CONCERT.—The coming concert of which we spoke a few days ago, under the direction of Professor Yost, takes place on the 2d of next month, and from the contents of the programme, it will satisfy the most fastidious. A lady singer, lately arrived from Boston, makes her first debut before a Portland audience. The German Glee Club have kindly proffered their services for the occasion.

TREASURE BY THE STEAMSHIP.—The steamship *Pacific*, which sailed for San Francisco yesterday evening, carried $98,000 in treasure, by parties shipping as follows:

Wells, Fargo & Co........................	$85,000
Ladd & Tilton........................	7,000
Others........................	6,000
Total........................	$98,000

EXPLANATION.—Our extra, of last evening, was headed in part, "Probable Evacuation of Richmond." The fact is rumored, and discussed in the news of this morning; but as we had to prepare the extra for the steamer, and were short of time, we were unable to prepare the matter referred to, for the extra, as was intended when the heading was set up.

OPIUM SEIZURE.—Four cases containing opium were seized by officers of the Custom House, on Saturday, as they were landed at Couch's wharf from the steamship *Pacific*. The article was placed in warehouse, and as no claimant has made application for it, very likely it will not be asked for, and will net Uncle Sam some $1,000 to $1,500 in consequence of the violation of the revenue laws.

HEAVY WAGONS.—Messrs. Hay & Wallace are turning out at present, with a force of twenty-one men, wagonmakers, painters, blacksmiths, etc., ten heavy freight wagons a week. Their build comprises wagons for 40-hundred pounds, 60 hundred and 80-hundred. They appear to find a market for all they can make. We have noticed several at the warehouse of the O. S. N. Co. from time to time, waiting shipment to the upper country; the latest lot being for Mr. J. L. Martin & Co.

MASON'S ALE.—We should have before acknowledged the receipt of a keg of choice cream ale, such as is now being manufactured by J. Mason & Co., on the McAdamized road, above our city. We can recommend their "stock," if it is as good as the sample. You Bet.

LIBRARY ASSOCIATION.—The first annual meeting of the Portland Library Association which met on Saturday, stands adjourned over until Wednesday evening, March 1st.

THE NEW STEAM TUG.—That parties in San Francisco are engaged in constructing a fine steam propeller for the tug business on this and the Columbia river is not generally known, but such is the case, and we are informed the new craft which is to be called *Wallamet*, will be in operation by the first day of June next. She is to contain two 22 inch cylinder engines, and her propeller to have 24 feet stroke. Her length is 95 feet, breadth of beam 27 feet. The great purpose for which the *Wallamet* is constructed is the towing of vessels outward and inward, over the bar of the Columbia river, but she will be put to towing up and down the river as occasion requires, at such times as there are no vessels to cross the bar. The principal owners we understand to be the persons mainly owning the line of regular Oregon packets.

VICTORIA ITEMS.—We clip the following from the *Colonist*:

The fine new schooner *I. B. Hastings*, built on Puget Sound, and fitted out in this city by Mr. Marcus, has been placed by her owner on the route between San Francisco, Portland and Victoria.

The pilots are about to place a conspicuous beacon or buoy for the Government on Brotchie's Ledge. It consists of a long staff painted white, which is to be fixed in a hole bored in a large block of stone resting on top of the ledge. We believe that it will be placed in position to-day.

The steamer *Geo. S. Wright* is being fitted with a hurricane deck, and otherwise made ready for ocean traffic, and will shortly be placed on the line between Portland and these colonies. As our trade with Portland consists wholly of produce for the Cariboo market, and as the *Wright* being a light draft steamer, can easily enter Fraser river, it is not improbable that she may ultimately run to New Westminster direct.

The *British Columbian* of a late date published a statement that negotiations were pending between Gov. Seymour and Capt. Nicol, of the Vancouver Coal Company, for placing the steamer *Thames* on the route between San Francisco and New Westminster direct. We learn that these negotiations are still going on, and that there is a probability of their being completed at an early day. The *Thames* is an excellent sea boat, and when fitted up for the trade will be able to carry 60 passengers and between 200 and 300 tons of freight.

Mount Baker is supposed to have been in a state of eruption lately.

FULL.—Capt. Sprague's company, consisting of the infantry volunteers of Jackson, Josephine and Curry counties, is now full. A portion of the Curry county quota arrived on last Wednesday—the remainder will be here this evening. The citizens of these counties are entitled to much credit for the energy with which they have acted in raising this company. They had to operate under peculiar disadvantages in not having a recruiting office established here until long after the call was made, and not until the winter rains set in, and the miners were busily engaged in their occupation.—*Oregon Sentinel*.

THE LABOR POWER OF THE GOULD AND CURRY MINE.—The Virginia City *Enterprise* says that the total number of men employed in and about the Gould and Curry mine is 215; of which number there are extracting ore, 79; prospecting, 11; accessory work, 50; on improvements, 20; carpenters, 25; blacksmiths, 7; outside laborers, 11. The ore taken out daily amounts to about 130 tons, and averages from $90 to $500 per ton.

The DAILY OREGONIAN has been enlarged and improved. Being a true and fearless advocate of the principles of civil liberty, its influence in our young State will be felt for all time to come. May it with meet the success it deserves.—*Oregon Sentinel*.

An Insidious Foe.—One of the most common and dangerous follies of the age is, that a slight cold, or a pain in the chest, irritation of the throat, accompanied with a constant hacking and desire to cough, is of little consequence, and will soon wear off. DO NOT DECEIVE, these are foes of the enemy to delude you into false security, that he may more successfully attack the citadel. Ere you are aware, the fell destroyer CONSUMPTION, will have sapped the foundation of life and laid your energies in the grave of death. Repulse the first attack, however slight, by a free use of NEWELL'S PULMONARY SYRUP.

ALLCOCK'S POROUS PLASTER—PAIN RELIEVING AND STRENGTHENING.—The history of these plasters would occupy more space than can be spared within the limits of the advertisement. Suffice to say, that the most eminent chemists and physicians of the United States and Europe were consulted as to their composition. They are made porous so that the evaporation of the perspiration can go on sufficiently where the plaster is applied, without, as with other plasters, causing the accumulation of acrid fluid, which corrodes the skin and occasions many unpleasant sensations not necessary for the cure or alleviation of affections for which a plaster is usually applied. India rubber, myrrh, and other choice gums and resins of the vegetable kingdom, are the material ingredients of these celebrated plasters. While they are possessed of all the soothing and warming qualities of almost every other plaster of the United States Dispensatory, they are without many of their inconveniences. In the language of one who has experienced much benefit from their application in a chronic disease of the kidney—"They stick closer than a brother, and do not run like a false friend." For weakness of the back, pains in the side, stomach or chest, and for the alleviation of the pain attending rheumatism, they are without an equal.

The Agent in San Francisco, WILLIAM F. BRANDRETH, *Office at Messrs. Crane & Brigham's, will take great pleasure in forwarding the formula of these celebrated plasters to all Physicians who may desire to see it.*

Dr. Hostetter's Stomach Bitters should be in the possession of everybody in the mining region. As a preventive of various dangerous diseases to which the gold seeker is liable, it has no superior. While it is quite palatable even as a beverage, it is speedy and powerful in its effects upon the system. In all cases of Diarrhea, Dysentery, and the pervading fever consequent upon exposure, the Bitters will be found invaluable as a corrective. No man should enter upon the exposed camp life of a miner without being provided with Hostetter's preventive of stomach disease, nor should any of those who are now engaged in the occupation, fail to have recourse to the Bitters. Sold by all Druggists and dealers everywhere. feb1

A Real Remedy—Brandreth's Pills.—These Pills expel the Principle of Disease and increase the Principle of Life. Dr. Lull, of Potsdam, who has used them twenty years in his practice, says: "They are a vegetable compound which invigorate, cleanse and purify the blood, correct and regulate all the secretions, and by purgation, discharge the whole mass of morbid matter from the system without reducing the strength. They are admitted to be the best Purgative and Anti-Bilious Medicine, and have not their equal for Rheumatism, Colds, Coughs, Asthma, etc., etc., and as Purifiers and Sweeteners of the Blood they are without a rival."

HOSTETTER'S

CELEBRATED

STOMACH BITTERS.

THE OPERATION OF THIS PALATABLE REMEDY upon the stomach, liver and excretory organs is singularly soothing and conservative. It regulates, restores and purifies them. Dyspepsia in all its forms yields to its controlling and invigorating properties.

Invigorate the System.

Vigorous digestion and pure bile produce nutritious blood, and nutritious blood a healthy frame. Does the victim of a dyspeptic stomach and a disordered liver desire to know how the digestion may be improved, the bile and other fluids of the body purified?

Dr. Hostetter's Stomach Bitters

Will accomplish this desirable revolution in the system, regulating the secretions and excretions, giving tone to the digestive juices which dissolve the food, strengthen every relaxed nerve, muscle and fibre, and bring the whole machinery of vitality into vigorous and healthful play.

Strengthen the System.

The best means of imparting vigor to the broken-down frame and shattered constitution, which has yet been invented or discovered, is proffered to the feeble of both sexes and all ages in

Dr. Hostetter's Stomach Bitters.

Debility, from whatever cause arising, may be cured; strength, in whatever manner it may have been wasted, may be restored, by the use of this powerful and healthy invigorant. For indigestion and all its painful effects, bodily and mental, they are a positive specific.

A Word to the Aged!

In the decline of life, the loss of vital force consequent upon physical decay can only be safely supplied by some vivifying preparation, which recruits the strength and spirits, without entailing the exhaustion which is always the final effect of ordinary stimulants. We tender to the aged

Dr. Hostetter's Stomach Bitters.

As an invigorant and restorative, immediate in its beneficial action and permanent in its effects. It tones the stomach, improves the appetite and acts like a charm upon the spirits.

For Females:

Thousands of ladies resort to it as a remedy for hysteria, fluttering of the heart, nervous headache, vertigo, general debility, and all peculiar disturbances and derangements to which, as a sex, they are subject. It cheers and enlivens the depressed mental powers, as well as strengthens the body, and its use is never followed by any reaction.

BEWARE OF COUNTERFEITS. Purchase only of reliable dealers. Sold everywhere.

Cure Your Cold, Save Your Lungs.

NEWELL'S

PULMONARY SYRUP

HAS

CURED THOUSANDS!

And it will Cure You!

A Cough is generally the effect of a Cold, which has either been improperly treated or entirely neglected. When it proves obstinate there is

Always reason to fear the consequences,

as this shows a weak state of the lungs, and is often the forerunner of Consumption.—Buchanan's Domestic Medicine.

STOP THAT COUGHING!

Some of you can't, and we pity you. You have tried every remedy but the one destined, by its intrinsic merit, to supersede all similar preparations. It is not surprising you should be reluctant to try something else after the many experiments you have made of trashy compounds foisted on the public as a certain cure; but

NEWELL'S

Pulmonary Syrup!

Is really the VERY BEST remedy ever compounded for the cure of Coughs, Colds, Sore Throat, Asthma, Whooping Cough, Bronchitis and Consumption. Thousands of people in California and Oregon have been already benefited by its surprising curative powers.

WHAT KILLED HIM!

Dr. Hall, in his "Journal of Health," speaking of the death of Washington Irving, says that above quoted, and adds: "He might have remained with us for some years to come, had it not been for advice kindly intended, no doubt, but given in thoughtlessness and reckless ignorance.

He Had a Cold:

Which, by some injudicious prescription, had been converted into asthma." Let me say to Dr. Hall that that "prescription" was not

NEWELL'S

PULMONARY

SYRUP.

KEEP IT IN THE HOUSE, use it freely, give it to your children upon the slightest indications of a Cold, and you will thank and speak of it as all do who have become acquainted with its merits.

WISTAR'S BALSAM

OF

WILD CHERRY!

HAS BEEN USED NEARLY

HALF A CENTURY,

WITH THE MOST ASTONISHING SUCCESS IN CURING

Coughs, Colds, Hoarseness, Sore Throat,
Influenza, Whooping Cough, Croup,
Liver Complaint, Bronchitis,
Difficulty of Breathing,
Asthma, and every
affection of the
THROAT, LUNGS AND CHEST;
INCLUDING EVEN

CONSUMPTION.

There is scarcely one individual in the community who wholly escapes, during a season, from some one, however slightly developed, of the above symptoms—a neglect of which might lead to the last named, and most to be dreaded disease in the whole catalogue. The power of the extraordinary *Balsam* of the Wild Cherry Tree over this class of complaints is well known; so great is the good it has performed, and so great the popularity it has acquired.

In this preparation, besides the virtues of the Cherry, there are commingled with it other ingredients of like value, thus increasing its value ten fold, and forming a Remedy whose power to soothe, to heal, to relieve, and to cure disease, exists in no other medicine yet discovered.

The unparalleled success that has attended the application of this medicine in all cases of

PULMONARY COMPLAINTS

has induced many physicians of high standing to employ it in their practice, some of whom advise us of the fact under their own signatures. We have space only for the names of a few of these.—

The proprietors have letters from all classes of our fellow citizens, from the Halls of Congress to the humblest cottage, and even from beyond the seas, for the fame and virtues of WISTAR'S BALSAM have extended to the uttermost bounds of the earth, without any attempt on our part to introduce it beyond the limits of our own country.

TO CALIFORNIANS AND OREGONIANS.

After October 1, 1864, all genuine WISTAR'S BALSAM of WILD CHERRY for the Pacific Coast will be enclosed in a new wrapper which will bear the printed names of both SETH W. "Have Patience."

A youth, [illegible] one winter night,
Was sitting in the corner;
His name, we [illegible] Joshua White,
And [illegible] was Patience Warner.

Not much [illegible] pretty maiden said,
[illegible] the young man sitting;
[illegible] her cheeks were flushed with [illegible],
Her eyes bent on her knitting.

Nor could he guess what thoughts of [illegible]
Were to her [illegible],
[illegible] her fingers, swift and [illegible],
[illegible] and round the [illegible] king.

While [illegible] for Joshua, the [illegible] youth,
His [illegible] grew [illegible];
Though all the [illegible] to tell the truth,
His [illegible].

Meanwhile her ball of yarn gave out,
She [illegible];
And he must give his aid, no doubt,
[illegible] another ready.

He held the skein, [illegible] the thread
[illegible] snarled and twisted;
"Have patience!" cried the [illegible] maid,
To him who her assisted.

[illegible] was this for tongues [illegible]
To shorten all palaver;
"Have Patience!" [illegible] gal!"
And may I [illegible] have her?"

Wages of Labor in Europe.—According to Mr. Flint, Secretary of the Board of Agriculture, who investigated the subject while in Europe, thirty seven cents per day is the highest sum paid the farm laborer in England or Ireland, the laborer boarding himself. In most parts of Ireland the farm laborer gets but twenty five cents per day, the laborer finding himself. In Bon, on the Rhine, it is about twenty cents per day. In Weisbaden from thirty to thirty-five cents per day. At the large Agricultural Institute at Geisperg, near Weisbaden, it is twenty four cents per day. In and around Heidelberg, in the Grand Duchy of Baden, it is from thirty to thirty-five cents per day. In and around Cassel, thirty-seven cents per day. At the Agricultural College at Werthenstebeaux, females are paid eighteen cents per day, finding themselves. These prices are for the season of harvest, when priced are generally higher than at any other season of the year. No wonder there is a large emigration to this country.

Lengthy Law Cases.—A lawsuit between the Hungarian families of Wusyady and Broukay, which has been progressing for 180 years, has been settled at last in favor of the Broukay family, who retain their estate. There have been only two lawsuits equal to this in period of time; one in Florence, which was also adjudicated, and which had been progressing 337 years, and one in England between two branches of the Seymour family, which had been 274 years in litigation. This was settled whe Brougham was Lord Chancellor.

How Guns are Loaded in the Excitement of a Battle.—It is stated in the annual report of the Chief of the Bureau of the Ordnance of the Navy Department, that on the field of Gettysburg there were 27,574 guns picked up, and of these 24,000 were found to be loaded, and half of them double loaded. One-fourth had from three to ten loads in, and many had five or six balls to one charge of powder. In some cases the powder was above the ball, in others the cartridges were unbroken, and of course could not be exploded.

A Freezing Experiment.—The problem of suspending life by freezing seems to be accumulating data. Porchand mullet have been carried from Lake Champlain to Eastern cities frozen perfectly solid, and on being put into a tub of water, have come to as lively as ever. A female convict in Sweden is in ice on experiment. A man was found lately in Switzerland, who gave signs of life after being frozen for nine months. The power of stopping while the world goes on may be the next wonder. Ice houses may soon be advertised with comfortable arrangements for skipping an epoch or waiting for the next generation.

The News in a Single Paragraph.—Fort Fisher no longer flouts the rebel flag; Sherman is about ready to run up the Stars and Stripes over Sumter; Grant is frightening the Richmonders almost to death; Thomas is enough for Hood; the Union will be preserved: Copperheads continue to feel bad; Yankee Doodle talks of walloping Johnny Bull; Jeff Davis is going to hang old Foote; Mrs. Maximilian will shortly buy a bran new baby; Copper City feet are coming up, and our old clothes still hang together, for which blessing let Heaven be adored.—*Pioneer.*

"Galvanized Yankee Rebels" Deserting to Sherman.—We learn from good authority that a large number of the galvenized Yankees who recently took the oath of allegiance to the Confederate Government, joined our army and were sent to Savannah, have gone over to the enemy. Before deserting our ranks they conspired to kill their officers and go in a body to the enemy, but the plot was discovered and seven of the ringleaders were tried and shot. The others returned to Savannah.—*Augusta Constitutionalist.*

How Sherman met Foster.—General Sherman is said not to have reached Savannah in full dress military suit. A correspondent describing his meeting, upon arrival, with General Foster, says their first interview was in the cabin of the gunboat Nehama, when the latter arose from his couch and, resting on his crutches, received General Sherman who was attired in a plain military overcoat, without a cape, an old slouch hat, a spur on one foot, and full whiskers.

About Seals.—Barnum has got a big seal—too big to wear, so he keeps it in a tank.—*Appeal.*

Better put it in a corral with the "Big Seal" of the State of Nevada.—*Boise Statesman.*

No, put it under *Guard* like the Seal of Idaho.

The old prefect of Aeras said, "God created Bonaparte, and then rested." "Would to heaven God had rested a little sooner!" remarked Count Louis of Narbonne.

A philosopher was once consulted as to the best method of destroying one's enemy, and he gave for an answer: "Make him your friend."

New York, September 2, 1864.

F. TILTON, Esq., 318 Battery Street, San Francisco [illegible]

Messrs. Tilton & McFarland,
Safe Manufacturers, Boston, Mass.

Gentlemen: From representations made by Mr. Lillie, I was induced to purchase of him one of his

So Called "Fire Proof Safes.

On the 18th of February last a fire occurred in our block which destroyed a number of buildings, and our own with the rest. We trusted our books, papers and all in the safe. After the fire the so-called "safe" was taken from the ruins, and on opening it we found that

Everything had been Destroyed.

We send you the safe with what is left of the papers, and you will see that not one of them is legible. [illegible] strong enough to sustain its own weight. Having the curiosity to know how our neighbors fared in the fire, we went to McKenna & Hardy just opening their safe (TILTON & McFARLAND'S make) and its contents were found to be

In Perfect Condition.

This led us to further investigation, and we found to our astonishment that from the large amount of combustible material in Messrs. McK. & H.'s cellar, such as lard, pork, etc., their safe was subjected to a much greater heat than that of our own, we being in the clothing business and had but little in the cellar. There was another of Lillie's safes here subjected to the same fire, faring, however, no better than ours.

Very respectfully,
Your obedient servants,

(Signed,) GEO. L. CHESBORO & CO.

From the army hospital—the bloody battle-field—the mansion of the rich, and humble abode of the poor—from the office and the sacred desk—from the mountain tops, glens and valleys, and far-off islands of the ocean—from every nook and corner of the civilized world—is pouring in the evidence of the astonishing effects of DRAKE'S PLANTATION BITTERS. Thousands and thousands of letters like the following may be seen at our office.

Rochester, Wis., Sept. 26, 1861.

* * * I have been in the army hospitals for fourteen months—speechless and nearly dead. At Alton, Ill., they gave me a bottle of Plantation Bitters. * * * Three bottles restored my speech and cured me. * * *

Stone Walter, O., July 28, 1863.

* * * One young man, who had been sick and not out of the house for two years with Scrofula and Erysipelas, after paying the doctors over $150 without benefit, has been cured by ten bottles of your Bitters.

EDWARD WORNALL."

The following is from the manager of the Union Home School for the Children of Volunteers:

Havemeyer Mansion, Fifty-Seventh St., New York, August 1, 1863.

"Dr. Drake: Your wonderful Plantation Bitters have been given to some of our little children suffering from weakness and weak lungs, with most happy effect. One little girl, in particular, with pains in her head, loss of appetite, and daily wasting consumption, on whom all medical skill had been exhausted, has been entirely restored. We commenced with but a teaspoonful of Bitters a day. Her appetite and strength rapidly increased, and she is now well. * * * Respectfully,

Mrs. O. M. DEVOE."

* * * I owe much to you, for I verily believe the Plantation Bitters have saved my life.

Rev. W. H. WAGGONER, Madrid, N. Y."

* * * Thou wilt send me two bottles more of thy Plantation Bitters. My wife has been greatly benefited by their use. Thy friend,

ASA CURRIN, Philadelphia, Pa."

* * * I have been a great sufferer from dyspepsia, and had to abandon preaching. * * * The Plantation Bitters have cured me.

Rev. J. S. CATHORN, Rochester, N. Y."

* * * Send us twenty four dozen more of your Plantation Bitters, the popularity of which is daily increasing with the guests of our house.

SYKES, CHADWICK & CO.,
Proprietors Willard's Hotel, Washington, D. C."

* * * I have given the Plantation Bitters to hundreds of our disabled soldiers with the most astonishing effect.

G. W. ANDREWS,
Superintendent Soldiers' Home, Cincinnati, O."

* * * The Plantation Bitters have cured me of liver complaint, of which I was laid up prostrate and had to abandon my business.

H. B. KINGSLEY, Cleveland, O."

* * * The Plantation Bitters have cured me of a derangement of the Kidneys and urinary organs that has distressed me for years. It acts like a charm.

C. C. MOORE, 254 Broadway, N. Y.

etc. etc. etc. etc.

The Plantation Bitters make the weak strong, the languid brilliant, and are exhausted nature's great restorer. They are composed of the celebrated Calisaya Bark, Wintergreen, Sassafras, Roots, Herbs, &c., all preserved in perfectly pure St. Croix Rum.

S.T.—1860.—X.

Persons of sedentary habits troubled with weakness, lassitude, palpitation of the heart, lack of appetite, distress after eating, torpid liver, constipation, &c., deserve to suffer if they will not try them.

They are recommended by the highest medical authorities, and are warranted to produce an immediate beneficial effect. They are exceedingly agreeable, perfectly pure and harmless.

Notice.—Any person pretending to sell Plantation Bitters in bulk or by the gallon, is a swindler and impostor. It is put up only in our patent log cabin bottle. Beware of bottles refilled with imitation deleterious stuff, for which several persons are already in prison. See that every bottle has our private United States Stamp over the cork unmutilated, and signature on steel plate side label.

GENERAL DEBILITY,

and all Diseases which require a

Tonic and Alterative Medicine.

THE PROOFS OF ITS EFFICACY ARE SO NUMEROUS, so well authenticated, and of such peculiar character, that sufferers cannot reasonably hesitate to receive the proffered aid.

The class of diseases for which the Syrup provides a cure, is precisely that which has so often baffled the highest order of medical skill. The facts are tangible, the witnesses accessible, and the safety and efficacy of the Syrup incontrovertible.

From well-known Citizens of Boston.

The undersigned, having experienced the beneficial effects of the Peruvian Syrup, do not hesitate to recommend it to the attention of the public.

It is well known that the Medicinal effect of Protoxide of Iron is lost by even a very brief exposure to air, and that to maintain a solution of Protoxide of Iron, without further oxidation, has been deemed impossible.

In the Peruvian Syrup, this desirable point is attained by combination in a way before unknown; and this solution may replace all the proto-carbonates, citrates and tartrates of the Materia Medica. A. A. HAYES, M. D.,

IODINE WATER.

IODINE WATER IS THE MOST IMPORTANT DIScovery of modern chemistry, and it is impossible to over estimate its influence as a remedial agent. Iodine has been considered the most useful article in Materia Medica, and many of the most scientific and practical chemists and physicians have investigated its effects upon the human system. It is to act upon the

HEART,

LIVER, KIDNEYS,

DIGESTIVE ORGANS and GLANDULAR SYSTEM,

and to have great control over

SCROFULOUS AFFECTIONS.

Notwithstanding the zeal and ability which have been devoted to its investigation, it remained almost useless, until Dr. Henry Anders, a physician and chemist of New York, after years of patient labor and experiment, discovered a chemical process which enabled him to dissolve

PURE IODINE IN PURE WATER,

without a solvent. This, considered impossible by the scientific world, is attested by certificates of analysis from Dr. J. R. Chilton of this city, and Prof. Booth, U. S. Mint, Philadelphia. The importance of this discovery was highly appreciated by the Faculty that it was published in the Medical Journals, and its use recommended to practitioners in the "American Medical Monthly," July 6, 1856, page 70.

This valuable medicine is now available to the public for the cure of Scrofula in all its manifold forms, Consumption, Cancer, Heart, Liver and Kidney Diseases, Rheumatism, Neuralgia, Nervous Affections, Dyspepsia, Bronchitis, etc.

AS A TONIC

Its operation is evinced by strengthening the digestive organs and increased nutrition of the body is the result of the employment of Iodine. The patient recovers flesh, strength and color, hither is pale, relaxed and feeble, he becomes full, strong and florid.

Full directions accompany each bottle.

The Remedy for Curing

CONSUMPTION, COUGHS, COLDS,

Asthma, Croup,

Diseases of the Throat, Bronchitis, Pains and Oppression of the Chest and Lungs, Difficult Breathing and all the Diseases of the Pulmonary Organs.

ITS ACTION IS EXPECTORANT, ALTERATIVE, SUDORIFIC, SEDATIVE, DIAPHORETIC AND DIURETIC, which renders it one of the most valuable remedies known for curing diseases of the lungs. It excites expectoration, and causes the lungs to throw off the phlegm or mucus; CHANGES THE SECRETIONS AND PURIFIES THE BLOOD; heals the irritated parts; gives strength to the digestive organs; brings the liver to its proper action, and imparts strength to the whole system. Such is the immediate and satisfactory effect, that it is WARRANTED TO BREAK UP THE MOST DISTRESSING COUGH IN A FEW HOURS' TIME, if not of too long standing. IT IS WARRANTED to give entire satisfaction, even in the MOST CONFIRMED CASES OF CONSUMPTION! IT IS WARRANTED NOT to produce costiveness (which is the case with most remedies) or affect the head, as it contains no Opium in any form. IT IS WARRANTED TO BE PERFECTLY HARMLESS to the most delicate child, although it is an active and powerful remedy for restoring the system. "CONSTITUTION WATER,"

THE ONLY REMEDY FOR DISEASES OF THE

BLADDER, KIDNEYS,

Gravel, Dropsical Swellings,

GENERAL DEBILITY, ETC.

THE ASTONISHING SUCCESS WHICH HAS ATtended this invaluable medicine renders it the most valuable one ever discovered. No language can convey an adequate idea of the immediate and almost miraculous change which it occasions in the debilitated and shattered system. In fact, it stands unrivalled as a remedy for the permanent cure of the maladies above-mentioned and also

DIABETES, IMPOTENCY,
LOSS OF MUSCULAR ENERGY,
PHYSICAL PROSTRATION,
INDIGESTION,
SEMINAL WEAKNESS,
GLEET, FLUOR ALBUS,

And in every disease any way connected with the disorder or decay of the Procreative Functions. Persons about to marry, if conscious of any weakness, should take the

CONSTITUTION WATER,

Whether broken down by excess, weak by nature, or impaired by sickness, the unstrung and relaxed organization is at once braced, revivified and built up. Well may this celebrated medicine be called the

MEDICAL WONDER.

The stooping, trembling victim of depression and debility becomes a new man, he stands erect, he moves with a firm step, his mind, which was previously sunk in gloom of an almost idiotic apathy, becomes bright and active, and he goes forth regenerated, conscious of new vigor. The medicine reaches the CONSTITUTION itself, and restores it to its normal condition.

IRRITATION OF THE NECK OF THE BLADDER,
INFLAMMATION OF THE KIDNEYS, AND
CATARRH OF THE BLADDER,
STRANGUARY AND BURNING OR PAINFUL
URINATING,
CALCULUS, GRAVEL,
BRICK DUST DEPOSIT, AND MUCOUS
OR MILKY DISCHARGES AFTER URINATING.

For these diseases it is truly a sovereign remedy, and too much cannot be said in its praise. A single dose has been known to relieve the most urgent symptoms. TRY IT in these cases, and you will ever give praise to

CONSTITUTION WATER.

Males or Females,

Are you troubled with that distressing pain in the small of the back and through your hips? CONSTITUTION WATER will relieve you like magic.

Portland, Oregon, June 15, 1864.

Proclamation.

State of Oregon, Executive Department, }
January 12th, 1865. }

WHEREAS, I HAVE RECEIVED A REQUISITION from Major General Irwin McDowell, commanding the Department of the Pacific, acting under the authority of the War Department, for a regiment of Cavalry for another term of years, by retaining in whole or in part the Regimental and Company organization of the present Oregon Regiment of Cavalry, to aid in the enforcement of the laws, to suppress insurrection and invasion and to chastise hostile Indians in this Military District.

Now, therefore, I, Addison C. Gibbs, Governor of the State of Oregon and Commander-in-Chief of the Militia thereof, do hereby call upon the citizens of this State to organize themselves into Companies sufficient to fill the foregoing requisition.

{ L. S. } In witness whereof, I have hereunto set my hand and caused the Seal of the State of Oregon to be affixed. Done at Salem this 12th day of January, A. D. 1865.

ADDISON C. GIBBS,
Governor of Oregon.

Attest: Samuel E. May,
Secretary of State.

Plan of Recruiting.

The Regiment will retain the name of the 1st Cavalry Oregon Volunteers. It will consist of twelve Companies—seven Companies of the old Regiment will be recruited to the minimum strength required. Five new Companies remain to be raised. A Recruiting Officer for each new Company will be appointed.

Commissions will be issued by the Governor to Recruiting Officers, conditioned that they shall recruit, their respective Companies in the District to which they are assigned, and be ready to be mustered into the service within a time hereafter to be named. All the Officers for the new Companies and the First and Second Lieutenants for the old ones will be appointed as soon as the Companies are filled.

As soon as it is practicable, the State will be divided into Districts, according to the number of persons in each liable to do military duty and to the number of troops heretofore furnished. When such District has furnished its quota of men there will be no draft in the same under this call.

The State has provided by law for the payment of a bounty of $150 in State interest-bearing bonds, payable in gold to each Volunteer mustered into the service for three years, in addition to the bounties authorized to be paid by the United States.

Under Act of Congress, those who enlist for one year are entitled to a bounty from the General Government of one hundred dollars; for two years, two hundred dollars, and for three years, three hundred dollars, one-third of which is payable at the time of muster-in. Neither drafted men nor substitutes—furnished either before or after the draft—are entitled to bounty.

The wages of a private soldier are $16 a month, besides clothing, equipments, rations, medicines and medical attendance, and other allowances furnished by the United States.

The pay per month is to 1st Sergeants of Cavalry, $24; Sergeants, $20; Corporals $18; Buglers, $16. A Company can be mustered in on reaching a minimum of 82 enlisted men.

All the Horses for enlisted men will be furnished by the Government.

Appreciating highly the patriotic action of the people in responding to the previous call for an Infantry Regiment, it is hoped that equal alacrity will be exhibited in raising a Regiment of Cavalry.

LEFFEL'S AMERICAN

DOUBLE TURBINE WATER WHEEL!

LEFFEL'S AMERICAN TURBINE HAS many advantages over all other Wheels, both Turbines and Overshot.

It has competed successfully with every variety of Wheel, and has always proved itself victorious.

This Wheel has been in use nearly Three Years in the States and HAS NEVER MADE A FAILURE.

It is CHEAPER than an Overshot, MORE DURABLE, and will YIELD A HIGHER PER CENT. OF POWER from the same quantity of water. We have introduced five on this coast. They are not all in operation yet, but will be in a few days. The following testimonial is from an old and experienced Mill-wright, well known in this State:

Westport, Clatsop Co., Oregon, }
Nov. 19th, 1864. }

Messrs. Leffel & Myers—*Dear Sirs:* We have plenty of water now, and your DOUBLE TURBINE is in successful operation. We are satisfied that your Wheel is fully equal, if not superior to the Overshot. With the same water that the Overshot uses, **we can do more work with the Turbine than with the Overshot.** I have tried many Wheels which were claimed to be superior to an Overshot but yours is the first I have found. Hence we do not hesitate to recommend the **American Double Turbine** as the most efficient economizer of water in our knowledge.

JOHN WEST & CO.

We desire all, who want Wheels to visit the following named places and have ocular demonstration of the above facts:

John West & Co. West Port, Clatsop, County, Oregon;
Lewis Love, Vancouver, W. T.;
L. P. Lamburg, Idaho City, I. T.;
Hampton Kelly, three miles East of Portland;
Bavier & Co., Oregon City. Address

THE OREGONIAN,

A

FIRST-CLASS POLITICAL AND FAMILY NEWSPAPER

Published Daily and Weekly.

PROSPECTUS FOR THE FIFTEENTH VOLUME,
Commencing November 19th, 1864.

The character of the OREGONIAN, which has been regularly issued for fourteen years, (being the oldest newspaper in the State,) has become so well established and is so favorably known, that we hardly deem it necessary at the present time to announce that it will continue to be a FIRST-CLASS INDEPENDENT FAMILY AND POLITICAL NEWSPAPER. We shall spare no effort towards further improvement and progress, and to make the OREGONIAN not only a complete compendium of current news and passing events, but also a pleasant fireside companion and a faithful commercial guide. It will contain full reports of important naval, military and political movements, with Stories, Sketches, Poetry, Editorials upon current topics, Correspondence from all sources and Telegraphic Dispatches up to the time of going to press.

It is the only paper in Oregon that gives full and ungarbled Telegraphic Reports, and that receives these reports in full, expressly for its own columns.

The size of the Weekly is much enlarged with the commencement of the present volume, but the price is still at the low sum of THREE DOLLARS per annum, hoping thereby to secure an increase of circulation as the reward of our enterprise.

Our columns will be devoted to the advocacy of Union principles, and we hope by a candid and courteous discussion of political principles to command readers of every political complexion and the respect of all our readers.

We shall specially endeavor to conserve the interests and merit the patronage of the large and important mining regions of Idaho, Washington and our own State, to publish all matters of interest relating thereto, and to do justice to their growth and importance, and shall [illegible] to receive interesting and reliable correspondence from that section of country.
